Mr. Stratoti,

We are enclosing the attached letters that we sent to Ms. Baptiste and Ms. Nasin. As for the letter to Ms. Baptiste, You were there! The letter to Ms. Nasin is in regards to the CTNARFE website. You can easily draw your own conclusions by going to www.ctnarfe.com (the original site) and then to www.ctnarfe.org (the stolen site). Adding some pictures does not make you the website programmer. I have also attached provider information attesting to the origin of the site in 2003. The stolen site will postdate this by several years.

As we pointed out in the letters to both Ms. Baptiste and Ms. Nasin, the Connecticut Federation and Mr. Cooper are guilty of intelligence fraud. Mr. Cooper is worse than a common thief. A thief just takes your property. The Connecticut Federation and Mr. Cooper stole another person's hundreds of hours of hard work and creativity.

These letters are informational and sent to you as a courtesy.

Respectfully,

Joseph J Murtari
